SAFEBUILD ALLIANCE

OUR HISTORY

SafeBuild Alliance began in Portland, Oregon in 2006 as a nonprofit organization with a mission of transforming workplace cultures to achieve incident-free construction projects. The group was composed of industry leaders who understood that construction safety is not just the concern of the individual employer, but of the construction industry as a whole. Member organizations work commonly in greater Oregon and Washington, and recognize that workers in Washington could benefit from the efforts and achievements gained in Oregon. As a result, in 2017 we formed the SafeBuild Alliance of Washington and continue to work cooperatively cross organizationally to achieve incident-free workplaces.

OUR VISION

Zero incidents through collaboration.

OUR MISSION

Provide support for and encourage highly collaborative and innovative cultures to achieve incident-free workplaces.

OUR OBJECTIVES

- Facilitate organizational transformation
- Be a resource for growth
- Facilitate increased communication among the construction industry members
- Create a forum for sharing and networking
- Influence public policy
- Reduce program inefficiencies by creating common standards used for all members of the industry
- Encourage and promote diversity with members and stakeholders
- Maintain a strong and vibrant organization to sustain the Vision/Mission/Objectives

Mortenson	13b
Power Systems West	14a
Hensel Phelps	15a
EC Electric	15b
Skanska	16a
PCI	17a
DPR	17b
Boyter Brothers	18a

RULES & SCORING

- The tournament format is a four-person scramble with shotgun start.
- Each team member tees off in any order. The group decides which is the most desirable drive. The other three players pick up their ball and proceed to the location of the best drive. Play continues from this point, following the same procedure as above.
- Each team member may place their ball within one club length of the selected shot, but not nearer to the hole. If the shot selected is in a hazard, bunker, rough, fairway or fringe of the green, the other balls must be placed from within one club length of the shot selected and must remain in the hazard, bunker, rough, fairway or fringe of the green.
- You have one attempt to putt. If you miss, add a stroke, pick up your ball and move on.
- At the end of each hole the score for the foursome is recorded on the Golf Genius app.
- Each player on the team must contribute at least two drives.

DOWNLOAD THE GOLF GENIUS APP FOR SCORING.
YOUR GGID WILL BE ON SCORECARDS IN YOUR
ASSIGNED CART.

THANK YOU!

Thank you to our amazing sponsors, volunteers, and board of directors!

We look forward to having everyone back next year!
